BROTHERS UNABLE TO AGREE,

And One of Them Withdraws from the

Drug Business.

Superior Court, heard the suit of M. G.

Reynolds against his brother, W. F. Rey-

nolds, for the appointment of a receiver

for the drug business owned by them and

located at Tenth and West streets. There

is no question of insolvency, the business

being on a paying basis. The brothers

could not agree, and M. G. Reynolds, who

lives at Anderson, and who put \$2,000 into

the business, sued for a dissolution of part-

nership and the appointment of a receiver.

After hearing the case Judge Leathers

dissolved the partnership and appointed the

Union Trust Company receiver. M. G. Rey-

nolds was given a judgment for \$2,000,

which will be paid to him at the rate of \$100

a month. W. F. Reynolds will continue to

ANOTHER CHILD CASE.

sion of Her Young Son.

the possession of her child, Arthur Kehl,

four years old. Mrs. Hofmeister was

formerly Mrs. Kehl's daughter-in-law, but

obtained a divorce from her husband. Mrs.

Kehl claims the child on the ground that

her son gave him to her, and Mrs. Hof-

meister asserts that the child was to be

only kept by Mrs. Kehl until she was able

to provide a home for him. She alleges

that the child was forcibly taken from her

arms by Mrs. Kehl, April 6, and is now

unlawfully detained at the defendant's

home on Cornelius street in Mapleton.

Judge Leathers ordered the defendant to

appear before him with the child to-mor-

LEE, Chief Quartermaster.

# UNIQUE POSITION

CONTROL OF THE C. & O. ROAD STILL SUBJECT TO A CHANGE.

Explanation of the Recent Advance in Peoria & Eastern Stock-General and Personal Notes.

A railway official and financier yesterday remarked that the Chesapeake & Ohio occupled rather a unique position as a railroad property. He did not, he said, know of one holding a like position as to ownership. The Pennsylvania holds or e-fifth of its controlling interest, the Vanderbilts onefifth, while the remaining three-fifths of the voting power was scattered in this country and in Europe, but as matters now stand the two-fifths above spoken of by common consent dictate the policy of the company and hold it in line as a rate maintainer. 'While it might be a difficult matter," said he, "to get the controlling stock of the road out of the three-fifths not held by the Pennsylvania and Vanderbilt interests, such a thing is possible. It is a great mistake to think that the Big Four is no longer in any manner identified with the Chesapeake & Ohio."

## P. & E. Stocks.

An explanation of the cause of the ad-

vance in Peoria & Eastern stocks and securities is found in the large increase of late in the earnings of the road. The net increase for the seven months to Jan. 31 was \$458,650, or more than the net earnings for the entire fiscal year ending June 30, 1899. The increase over the corresponding period of the preceding fiscal year was anteeing interest on \$8,500,000 first consols. If the earnings suffice for this interest and \$800,000 advanced for improvements, equipcrease of nearly \$200,000 net in seven months s more than the annual interest charges on the second income bonds, and naturally places the stock in a position where dividends are in view. However, the debt to the Big Four must be paid before dividends can be declared, but that will be readily liquidated if earnings continue any length

#### of time in the present volume. Personal, Local and General Notes.

Rush Watkins, traveling freight, agent of the Illinois Central, has gone to Hot poor health.

A. Galloway, superintendent of the Cincinnati and Indianapolis division of the Cincinnati, Hamilton & Dayton lines, was in the city yesterday. board of the Chicago, Milwaukee & St.

Chicago to New York, in June. Under the new schedule of the Big Four a through parlor car will be run on the fast day trains between Cincinnati and St. Louis. Cars are being rebuilt for this use. C. M. Ingersoll, jr., has been appointed chief engineer of the New York, New Haven & Hartford, vice F. S. Curtis, elected fourth vice president of the company.

It is stated that most of the Monon stock which has been sold of late has gone into the hands of Boston capitalists. At one time Boston men controlled the property. The Monon earned in March \$336,831, an ncrease over March, 1899, of \$55,252. Since July 1 the lines have earned \$3,107,670, an increase over the corresponding nine months of last year of \$571,496.

Receiver Hopkins, of the Peoria, Decatur & Evansville, filed his statement in the United States Court, for March, showing cities. receipts to have been \$200,142.15; disburse ments, \$102,266.57; cash on hand, \$197,875.58. On April 22 the Union Pacific will put or daily tourist cars between Kansas City and Portland, and establish a double daily service between those points to offset the new trains of the Chicago, Burlington &

George H. Kimball has assumed the duties of chief engineer of the Pere Marquette lines, succeeding J. J. McVean, chief engineer of the Grand Rapids district, and Saginaw district.

George M. Brown, chief engineer of the General Manager Schaff, of the Big Four, has placed an order with the Barney-Smith Company, Dayton, for two new dining cars, costing \$16,000. These cars will be

run on the fast day trains between St. Louis and Clevelanu. The Panhandle gives employment to over 1,300 men at its shops, in Columbus, O., and about six hundred at Indianapolis, and both shops are running full time. This is the largest shop force ever employed by

the company at the shops named. The Louisville, Evansville & St. Louis receiver has planned extensive improvements at East St. Louis on the road's terminals. which will represent ten miles of new tracks and other facilities for better handling the company's increasing business. The Cincinnati, Hamilton & Dayton will,

this month, receive three more heavy tive works. With these in service, the company will have 165 locomotives, many of them new or rebuilt in the last two years. The directors of the Monon have set aside \$400,000 to be expended this year in new equipment and improvement to the property. The Beattyville litigation being practically out of the way, the directors are disposed to spend money liberally on the

In the month of March there arrived and departed at the Union Station 3,964 passenger trains, handling 22,003 cars, against 3,870 trains in March, 1899, handling 21,356 cars, being 94 more trains and 647 more cars than were handled at Indianapolis, in March, last year.

For the first time in the history of the Pennsylvania road a Baltimore & Ohio train, drawn by a Baltimore & Ohio locomotive, was hauled on Monday from Pittsburg to Philadelphia. The train carried the leading executives, directors and officials of the Baltimore & Ohio.

A. M. Stewart, general live stock agent of the Erie Railway, is in the city, arranging to get a portion of the shipments east the Indianapolis horse markets, which are furnishing a large business for the trunk lines, and which will be largely increased from now on weekly. The Chicago & Eastern Illinois has con-

tracted with the Pittsburg locomotive works for five more twelve-wheel twocylinder compound freight locomotives, the same type of those received a few months ago, which are making such remarkable records with heavy freight trains.

In upper railroad circles the selection of Joseph Ramsey, vice president and general manager of the Wabash lines, as a delegate to the international railway congress, which convenes in Paris next September. is looked upon as a very wise one. Mr. Ramsey will endeavor to secure the meeting in this country next year.

Wilbur Lee, general passenger agent of the Lackawanna, is instilling new life into that property by introducing Western methods of doing business, giving better train service at hours that will please the traveling public. At New York, he yesterday opened a new ticket office, one of the most attractive on Broadway, its fittings costing \$18,000.

# NEW BUSINESS CONCERNS.

More Indiana Companies File Articles of Incorporation.

Articles of incorporation were filed by the following companies yesterday: Mason Long & Co., of Fort Wayne; capital stock, \$3,000. Directors: James B. Long, Harry M. Long and Mason Long. The Franklin Lumber Company, of Franklin, Johnson county; capital stock, \$6,000. Directors: Samuel Harris, John H.

Wooley and David H. Miller. The Pinyon Ridge Mining Company, of Terre Haute; capital stock, \$400,000. Directors: James McGregor, Buena T. Marshall, Frank B. Smallwood, Frank McKeen and

Haute: capital stock. \$5,000. Directorate to consist of eleven members. The Lagrange Canning Company, of Lagrange; capital stock, \$7,000. Directors: Elmer Steele, Levi F. Showalter, Rollins Ellison and Otis L. Ballow. The Terminal Social Club, of South Bend Directors: John C. La Frenz, William J. La Frenz and Elbert E. Ryan. Accepting ten as the normal death rate, the countles reporting under normal were: Adams, 9.2; Benton, 7.5; Blackford, 9.7; Lake, 9.7; Laporte, 9.9; Porter, 8; Pulaski, 8.3; White, 5.1; Brown, 4.9; Clay, 6.5; Owen, 6.6; Parke, 7.9; Dubois, 6.7; Greene, 9.8; Wash-

ington, 5.8. IN THE CITIES. "Cities of Class A, those having over 50,000 population, representing 192,189 total population, report 346 deaths, an annual rate of 20.7. Indianapolis and Evansville Springs, Ark., for a month's stay, being in | are the only cities in this class. The rate for Indianapolis was 20.7, and for Evans-

"Cities of Class B, those having from 25,000 to 50,000 population, representing 114,-Roswell Miller, chairman of the executive | 824 total population, report 153 deaths, a rate of 15.7. This class includes Fort Paul, will remove his headquarters from Wayne, rate 13.8; South Bend, rate 14.5,

and Terre Haute, rate 19.3. "Cities of Class C, those having from 6,000 to 25,000 population, representing a total population of 210,866, report 290 deaths. a rate of 16.2. This class includes Anderson, rate 15.9; Elkhart, rate 14.7; Elwood, rate 16.1; Hammond, rate 13.9; Jeffersonville, rate 15.6; Kokomo, rate 11.6; Lafayette, rate 14.2; Logansport, rate 15.6; Marion, rate 13; Michigan City, rate 10.8; Muncle, rate 23.4; New Albany, rate 26.3; Richmond, rate 20.7; Vincennes, rate 10.2. "Cities of Class D, those having from ,000 to 10,000 population, and representing a total population of 140,568, report 197 deaths, a rate of 16.5. This class contains twenty

"Cities of Class E, those having under 5,000 population, and representing a total population of 129,443, report 175 deaths, a rate of 15.4. This class contains thirty-nine

"The city rate is for every class above the average rate for the State. For the total urban population, 790,522, there was reported 1,159 deaths, a rate of 17.3. For the total rural population, 1,854,458, there was reported 2,058 deaths, a rate of 13.6.

AS TO AGES. "The number of deaths under one year was 502, which is 15 per cent, of the total. The number under four years of age was 266 or 8.26 per cent of the total. The number over sixty-five years of age was 905, or 28.1 per cent of the total. From four to sixty-five years of age the total number total "Pneumonia caused 594 deaths, an annual

rate per one hundred thousand of 265. This tells an awful story of debility and foul air. The number of deaths caused by tuberculosis of the lungs was 351, a rate of 156.5. The March consumption rate is 9.5 less than for February, but the pneumonia rate is 68 higher. A slight decrease in typhoid deaths for March appears from February, the total number being 42 and 48, respectively. Diphtheria, croup and scarlet fever are stationary between the two months. The Elizabeth Hofmeister Wants Possesdeaths from measels increased four times over February. March also showed a considerable rise over February of deaths from influenza, the numbers being 77 and 65, respectively. Cancer shows an increase of 89 freight engines from the Pittsburg locomo- to 78, cerebro-spinal meningitis stands 60 yesterday against Elizabeth J. Kehl, for the city cannot grant exclusive privileges puerperal fever 15 to 17, and violence 100 to 87. Altogether March was marked by unusual destruction of life by disease. "The number of deaths from causes classed as preventable was 1,107. Suppose sanitary science is mistaken and it should be proved that only 25 per cent. of these deaths could be prevented, the figures would then by 276. Now further suppose this number had been killed by the cars in March, then we would have plenty of editorial denunciation and a loud public

# NO CHANGE OF THE ROUTE

THE PROPOSED STREET-CAR At noon yesterday Judge Leathers, of the LINE TO RIVERSIDE PARK.

> Water Company's Objection Is Overruled-Bridges Over Fall Creek -Municipal Affairs.

City Attorney Kern gave his decision to the Board of Public Works, yesterday, or the objection raised by the water company against the street-railway company laying its tracks on Montcalm street, to Riverside Park. The water company claimed it had a large main laid in Montcalm street and it would be injured by electrolysis if a car ONE WEEK Commencing APRIL 9

track were laid over it. The city attorney holds that, under the franchise given to the street-car company, the board had the right to decide the route to Riverside Park. He further holds that corpus proceedings in the Superior Court to any corporation, and when the water company put its main in that street it accepted the possibility that the street would be used by other corporations. He holds that the water company has no exclusive rights. The board will probably order no change in the route to Riverside Park. The Illinois-street bridge across Fall creek will not be torn down for th construction of the new bridge til a temporary bridge has been built for the street-car company. The company that has the contract for the new bridge notified the board, yesterday, that the water and gas mains must be removed in order to permit the work of tearing out the old bridge in the near future. This was referred to the city engineer and he recom mended that the street-car company build a piling bridge for temporary use, and that it be made wide enough for the use of wagons, the city to pay the additional ex-pense. The board ordered the city engineer to act according to his own suggestions. An aged widow appeared before the board and remonstrated against the paving of East New York street, from Noble to Pine street, claiming it would take her home from her if the improvement were

Councilman Moriarity was before the board to insist on the Big Four Railroad Company building a wall on the south side of the cut on East Louisiana street, from East street to Pine. The superintendent of the Big Four was notified to appear before the board to-morrow morning.

Examination of Internes. Ten applications appeared at the Board of Health office yesterday to take the examinations for positions as internes of City Hospital and City Dispensary, and after the examination on surgery was concluded one of the applicants received word that he had been appointed as a physician in a local hospital and withdrew from the examinations. It was not necessary to proceed with further examinations, as there are nine places to be filled and just that many applicants to fill them. It was agreed that the places should be allotted on the grades made on the examination in
